

Essay writing strategy

<p>1. Give yourself a background colour</p> 	<p>Go to Effects and give yourself a background colour. Looking at a white background can sometimes be harsh on the eyes.</p>
<p>2. Set your default colours</p> 	<p>Set defaults colours and formatting for your symbols, arrows and notes. Zoom in if need be to make it bigger. You can also use fit to window to maximise and show the whole diagram.</p> 
<p>3. Hide your Symbol Palette</p> 	<p>Go to View and un-tick Symbol Palette (Ctrl+8). This is to give you more space to work with. Remember this has to manually be un-hidden for it to reappear.</p>
